

Agenda items for The IAFESHE Conference Call

1. The webpage is the cornerstone to our association and the services we provide to the members. Please keep this in mind when you review the progress of the website. The website address is <http://www.iafeshe.org> If you have any comments or articles you think are of value to our members please send them to me at tcapchar@bakersfieldcollege.edu . Below are a list of questions for the conference call, please review.
 - a. What should we changed or add to the website in the area of its look or appearance?
 - b. Does the website provide enough informational value for the \$25.00 we charge for membership? If not why and what would you suggest changing.
 - c. Is there anything you have seen on other websites that you wish ours provided?
2. At our last meeting we talked about developing a template which the regional reps could use to collect information from there region that would be beneficial to all of us. Natalie sent out a template which could be used as a starting point. For our discussion, please review it and be prepared to discuss the template during the Friday conference call.
3. Is there anything you can think of that should be added to the IAFESHE meeting agenda when we meet at the NFA in June?
